EDUCATION

- **College Name** — New Delhi
  Computer Science Engineering; CGPA: 8.73 — *July 2016 – July 2020*

EXPERIENCE

- **Company Name** — Location
  Profile Name — *Job Period*
  - **Project Name**: WHAT of the project + What did you work on + Its impact
  - **Re-Creating Aerospike's EE features**: I re-created EE feature of Cross-DC replication of data to facilitate the migration of data to Community Edition of Aerospike saving the company **60L INR/year.**
  - **Tech Stack**: Java, Python, MySQL, Kafka, Apache Storm, Aerospike, Kubernetes(K8s)

- **Company Name** — Location
  Profile Name — *Timeline*
  - **Project Name**: WHAT of the project + What did you work on + Its impact As described in the above example
  - **Tech Stack**: Python, HTML, CSS and React(basics)

- **Company Name** — Location
  Profile Name — *Sep 2020 - March 2021*
  - **Core libraries**: Created core libraries in C++ for the cloud native software to be used for designing complex modular furniture using a constraint based system on a web application to **decrease load time to 50ms**.
  - **Tech Stack**: C++, Javascript and AngularJS

PROJECTS

- **Project name** —— **Tech Stack** —— **Github/Server Link** :

  1. Introduction of the project.
  2. features of the project
  3. Impact/USP/Metrics of accuracy/efficiency

- **Mentor-Mentee Recommender System** —— **Python, Django** —— **Github/Server Link** :

  1. A **hybrid** recommender system web app. to match a mentor to a mentee.
  2. Uses combination of content and collaborative filtering recommendation techniques to match based on shortlisted important factors.
  3. **654** successful matches — **1187** Montly Page Views — **0.91** Accuracy

ACADEMIC ACHIEVEMENTS

- **Research paper**: Published a research paper on 'YT Subscribers Increase for Maghav Goyal' in the **ICAPIE** 2022.
- **Smart India Hackathon**: Won the PAN India Hackathon under **'Best UI' category** competing against **1.2k** teams
- **Google KickStart Round F and G 2019**: Finished with a global rank of **201/3452** and **1457/3350** respectively.
- **Codechef — Rated: 2100**: Ranked **805/62000** among coders globally in 2019-20.
- **Leetcode — Rated: 2100**: Ranked **805/62000** among coders globally in 2019-20.

POSITION OF RESPONSIBILITIES

- **Project Head at ZEE and VICE Media**: Executed the outreach project of DNA, WION and VICE in **13** colleges across Delhi-NCR. I managed to get a **weekly 5-10k hits** on articles by leveraging digital platforms.
- **Profile Name + Company**: Introduction + **Impact** + YOUR role only

Programming Skills

- **Expert**: Java, C++
  Intermediate: Python, R, SQL, Solidity, HTML, CSS, JavaScript
  Beginner: Docker, K8s
